About Fingerprint Cards AB (publ)

Fingerprint Cards AB (FPC) is a high-tech and listed company which develops, produces and markets biometric technology that, through the analysis and matching of an individual's unique fingerprint, verify the person's identity. A secure and convenient user experience is thus made possible, beyond keys and pins. The FPC technology offers world-class advantages and includes unique image quality,

extreme robustness, low power consumption and complete biometric systems. With these advantages, in combination with low production costs, the technology may be implemented in large volume products, such as smartphones, tablets and biometric cards where these demands are extremely high. FPC's technology has user cases from a number of applications.
