

## Fingerprint Cards AB: invitation to the first quarter 2018 results presentation

Fingerprint Cards AB (Fingerprints™) will host a telephone conference and webcast presentation of its first quarter 2018 results, on May 3, 2018 at 09:00 CET. The report will be published at 07:00 CET the same day.

Fingerprints' CEO Christian Fredrikson will present the report together with CFO Hassan Tabrizi in a combined webcast and telephone conference. The presentation will be held in English.

**Time:** Thursday, May 3, 2018 at 09:00 CET.

**Location:** combined webcast and telephone conference.

The report will be available at <a href="https://corporate.fingerprints.com/en/financialinfo/financial-reports/">https://corporate.fingerprints.com/en/financialinfo/financial-reports/</a>.

The webcast and all the presentation material can be accessed through <a href="https://engage.vevent.com/rt/fingerprints/index.jsp?seid=127">https://engage.vevent.com/rt/fingerprints/index.jsp?seid=127</a> where it is also possible to ask questions.

For media and analysts: The telephone conference dial-in is +44 (0) 1452 560304 (international participants) or 08-506 921 86 (Swedish participants). Please state conference ID 1583118.

## **About Fingerprints**

Fingerprint Cards AB, Fingerprints, with its Swedish roots, is the leading global biometrics company, whose mission is to spearhead the development of biometric interaction that facilitates the convenience and integrity of the individual. Its value is proven daily by users in millions of devices, through billions of touches, who are their own key – quite simply, with a human touch. Fingerprints develops biometric systems comprising sensors, algorithms, software and packaging technologies. The success is based on product development at the cutting edge of technology, which results in world-leading products in terms of security, convenience and performance. The current product range consists largely of fingerprint sensors and customers are primarily manufacturers of smartphones and tablets, where the company is market leading. As the use of biometric solutions increases, Fingerprints is working to broaden its offering by using different biometric techniques, or modalities, and to identify other market segments where the solutions can be used, such as smart cards, PCs, automotive and online devices (IoT). The Fingerprints share is listed on Nasdaq Stockholm (FING B).
